Dive & Relax in Dahab - basic accom.

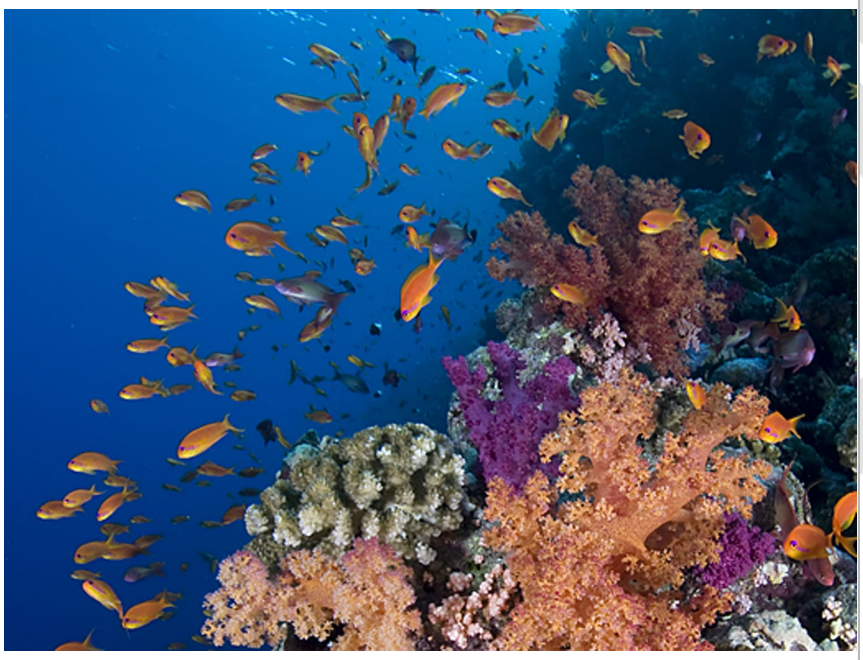

The diving
Experience what is probably some of the most relaxed diving on our planet. Dahab is a shore diving location with enough sites to keep you busy for a week or 2. All the reefs of Dahab are oases under the sea - 20 pct. of the fauna, and 50 pct. of the Butterfly fish are found nowhere else in the world.

The sites combine coral gardens, arches, canyons and caves, with a huge diversity of reef fish and invertebrates, as well as turtles, rays, moray eels, octopus, and larger fish including Napoleonfish, Barracuda, small sharks and dolphins.

The contrast between touristic Sharm El Sheikh further South and Dahab, is nothing less than extreme. Here you will find old school backpacker hippies retreating with a combination of Yoga, rock climbing and world class diving, no hassle and no stress. Just what you want your dive holiday to be.

(Did we mention the diving is fantastic?!)

If you want to add something completely different and very special to your trip, check out the Camel Diving Safaris.

Location

Historically, most visitors to Dahab have been backpackers traveling independently, staying in the hostels and Bedouin camps. This has made the little fishermen town develop into an international good feel place. With its bohemian feel of hippie and Bedouin, Dahab is a beautiful mix of peace seeking travelers, creating an extraordinary atmosphere of relaxation and friendliness.

Your accommodation (3 star hotel or camp)

Most things are flexible in Dahab, and that includes your accommodation! The main option is a Bedouin Camp, popular with backpackers and yogahippies since the 70s. It is very low key and basic, with proper bedouin hangout areas just steps from the beach. And it's just 150m up the beach to your dive resort, run by one of the most inspiring women in Dahab. Tanis is a Canadian woman who settled in Dahab many years ago. Her love and care for Egypt is truly inspiring and her daily presence at the camp and dive school calls for hours of interesting conversation and adds a catching calmness and charm to the whole place. You can also upgrade to sea view rooms with a swimming pool and breakfast included, right at the dive resort itself. Either way, you're in great hands with friendly people.

Your room:

Your backpacker room at Sindbad camp is simple but clean and cozy. Twin or double beds, with A/C. Upgraded rooms are right next to the dive centre in the 3-star Dahab Hotel with swimming pool and has breakfast included.

This is only a selection of the many dive sites represented on this particular destination. The diving is dictated by the safeness of the environment.

The Blue Hole & Bells
You have probably heard of this dive site, being one of the world's most famous, and for good reasons. This is a hole in the reef table that drops to 90m then slopes to 300m before joining the open sea. Excellent conditions and depths make it a magnet for freedivers. For scuba divers, there are several dives within the site: the wall from Bells to Blue Hole, zig zagging up the Bells, or the wall to the right of the Blue Hole. All are nothing but amazing wall dives. Tech divers also come from all over the world to dive the Arch – 54m and a very challenging dive. You have not done Egypt before you've done this dive!

The Canyon
Another of Dahab's world class dive sites. This is a beautiful dive that takes you into a huge cavern under the sea bed. You drop to 30m for a good look around, then exit for a nice trip back along the reef shelf.

Lighthouse
Dahab's first reef, and a beautiful place to learn to dive. Home to many species of fish – every instructor new to Dahab is always amazed by the quality of this training reef!

The Housereef – Eel Garden
Eel Garden is named after the colony of eels that populates its sandy slopes, and it's one of the favourite local dives. It's a gentle, shallow dive with schools of Barracuda and many hard and soft coral. Being close to the center makes it easy to dive early in the morning for the best light and colour, or late in the afternoon when fish come in to feed. And for those of you who are really good on air, you can drift all the way from here to Lighthouse along Dahab's fringe reef.
