The Location
Explore the reefs with the dive center, trek through the jungle that covers the island, or snorkel from beach to beach. It is a green island, full of life, but no roads, no cars, and absolutely NO stress! As the sun sets, grab a seafood bbq dinner on the beach. And if you are not diving the next day, take a 10-minute walk over to Long Beach and dance barefooted in the sand till the morning arrives together with backpackers and locals alike.

You can always grab a boat taxi to a secluded beach, or do the short walk through the jungle to the famous long beach for a party, but the serenity and the all time presence of nature in Coral Bay will always drag you back in the morning! And if you are a little fresh, then jump in the ocean for an early morning snorkel on the corner reef to maximize your luck of seeing little black reef sharks buzzing around beneath you.

Your Accommodation
If you want to stay on a budget (because you know you will be spending your days diving, hanging out on the beach and trekking through the jungle trails), the dorm accommodation is perfect for you. Staying in the dorm, means you will be staying in the same building as the dive center. You are free to hang out at the lounge area of the dive center, which is accesible 24/7 and often lively and social.

Your room
The dorm is basic, comes with a fan to cool you and your fellow divers at night, a bathroom with a cold water shower, a mosquito net for your bed and wifi.

Please note:
The dorm is for divers only! If you are traveling with a non-diving friend, you must book a private bungalow to share.

Introduction to course

The PADI Open Water Diver course is the most popular diving certificate worldwide. After completing this 3-4 day course you are certified to dive to 18m independently with a buddy. The course consists of five modules of learning. You study via a self-study workbook or offline-app, completing knowledge reviews for each chapter. This process is complemented by videos accompanying each chapter to reinforce what you have learned. The instructor reviews everything with you to ensure that you have fully understood everything. The practical learning consists of confined water lagoon sessions and four open water dives. Dive one and two are conducted at a depth of maximum 12m and dive three and four are conducted at a maximum depth of 18m. The final stage of the PADI Open Water course is an exam, which is a multiple choice exam covering all that you have learnt. Remember that the course is performance based and not time based. The course generally takes 3 to 4 days, with the theoretical, the confined water lagoon and the open water sessions successfully passed.

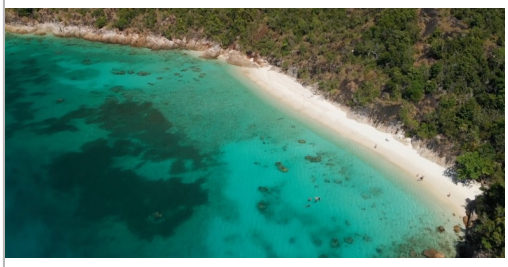
Transfer Information

To get to The Perhentians and your tropical island paradise, you will have to find your way to Kuala Besut jetty. Popular ways to get to Kuala Besut from the nearest airport (Kota Bharu) are via the "Grab" App or an airport taxi. Once you reach the jetty complex at Kuala Besut, find the office for "Save Park Holidays". This is the boat company that will arrange your boat transfer. You just need to mention to them that you are a customer of our dive center (more details on your voucher). Once you get on the boat the boat driver should know to drop you off at Coral Bay.

Once you get off at the Coral Bay jetty on Perhentian Kecil, just walk down the beach for around 100 metres. The dive center and your accommodation is right in the middle of the beach.



You need to let the dive center know your approximate arrival time at least one week in advance. You will find the details for the dive center on your voucher. For transfer advise, feel free to reach out to the dive center who has an updated knowledge of routes and schedules.
