Due to the strict sustainable fishing policies, the ecosystems are intact and the reefs are healthy and BEAUTIFUL!

The location of Rasdhoo is within easy reach of some of the most legendary snorkeling sites where all kinds of amazing sea creatures give the impression of swimming around in a perfect aquarium. It is rather amazing really.

Rasdhoo, Maldives Snorkelling Rasdhoo Island

Location

Rasdhoo is a fine little atoll 32 miles west of the capital Male. Consisting of only four islands and a deserted sandbank, the numbers of visitors to this atoll is charmingly low, and Rasdhoo Island still enjoys a largely undiscovered status. Staying on a local inhabited island provides a very different, very REAL Maldivian experience, where the locals are eager to welcome explorers. Rasdhoo has a population of 1200, and is very proud to have a post office and even an ATM.

Your resort

Madivaru Kro is a guesthouse in Rasdhoo on the main street. It has a cozy shared lounge area, and a lovely terrace for relaxation. Guests can enjoy an on-site barbecue if they wish, as well as room service. Free Wi-Fi is also available. Bikini Beach is just a short walk away.

Your Room

All rooms at the guesthouse include a wardrobe, air conditioning, and a safe box. Each room has a private bathroom with a bidet, free toiletries, and a hairdryer. There are six rooms in total—four rooms are quadruple and two of them are double room.

The snorkling sites are picked on a dayily basis, depending on the weather and ocean conditions.

As for snorkeling, the ocean is one open playground for you! There are coral reefs everywhere, big schools of fish, shallow bays with no current, warm blue water and aquarium-like conditions when it comes to the state of the corals and the amount of fish.

All snorkelling tours are guided by local guides, who will be eager to show you the wonderful marine life found in the turquoise waters of The Maldives.

Madivaru Corner

A few minutes by boat from Rasdhoo lies the uninhabited island of Madivaru, home to Madivaru corner, Madivaru channel and the famous Hammerhead Point dive sites. Madivaru corner is rated as a 5-star site, boasting superb overhangs and a dizzying array of large species such as Grey reef sharks, white tips, eagle rays, napoleon wrasse, schools of barracuda, giant trevallis to name but a few. On occasion mantas and dolphins are seen here, to add to an already dazzling display. With visibility seldom less than 20m and often exceeding 40m, this site never disappoints!

Manta Point

Also known as Manta Block. The agenda here is to drop to a sandy bottom at 16m and watch the show as manta rays circle the coral block feeding on plankton washing through Rasdhoo North Channel. The mantas are not shy, and divers often get a show lasting for the entire dive. If you are snorkling this site, you will be able to free dive from the surface with these beatiful creatures. Seeing their dancing from above and between, is a great perspective!
